MAHS Students Win Penn State Beaver Math Competition

MAHS students Dan Murray, Neil Frick, Savanna Starko, Chris Tramosch and Aaron Johnson won the fourth annual Penn State Beaver Match Competition.

Moon Area High School students took home first-place honors in the fourth annual Penn State Beaver Math Competition on March 2 held on the university's Monaca campus.

With the win, MAHS seniors Dan Murray and Chris Tramosch, juniors Aaron Johnson and Neil Frick and sophomore Savanna Starko each are eligible for a \$1,000 scholarship, if they choose to attend Penn State University's Beaver campus.

A total of 55 high school students on 11 teams from Aliquippa Senior High School, Lincoln Park Performing Arts Charter School, Montour High School, Rochester Area School District and Center High School participated in the competition. In the math challenge, students individually answered two rounds of math problems without calculators. Highest scores of each team and individuals were calculated to determine winners.
