

Physical Examinations

Physical examinations are required of all students entering Kindergarten or first grade, in sixth grade and in eleventh grade. These grades were chosen because they represent critical periods of growth and development in a student's life.

We recommend that you have the physical done by your family health care provider, since he/she knows your student and your student's health history.

The Physical Exam Form should be returned to the school nurse and must be dated within one year of the beginning of school.

[PA STATE PHYSICAL EXAM FORM](#)

If a private doctor is unavailable, the school offers physical examinations during the school year. A notice will be sent home with the pertinent information.
