Brooks Fifth-Graders Produce Tech-Savvy Book Reports

Students in Tom Roncone's fifth-grade class assembled special book reports to visually present their work to classmates rather than relying on the traditional paper and ink format.

Fifth-graders created videos using Microsoft Movie Maker and audio files using Audacity. Photos found through the kid-friendly, educational search engine askkids.com supplemented their presentations. Each report then could be projected and played for the entire classroom.

Click on the main Brooks page below this post to hear some selections from "Wolf Brother," "The Penderwicks," "Warriors" and "Harry Potter and the Sorcerer's Stone."
