### **Superintendent's Report – Dr. Milanovich**

Dr. Milanovich spoke about the Tiger Spirit Award focusing on honoring positive character traits and recognizes students for personal achievements and excellent classroom behaviors that often reach beyond academics. For March, our two award recipients are from McCormick School, fourth-grader Myles Fernau and second-grader Gabriel Hilliard.

Myles Fernau was nominated by McCormick librarian, Mrs. McLaughin. Myles is an avid reader who as a third grader, read a book series comprised of over 75 books, and this year in fourth grade, has read another series of 65 books. He is self-motivated and steadfast in this endeavor, and never distracted by what other children were doing instead. Myles is also described by Mrs. McLaughlin and his teacher, Mr. Barthelemy, as articulate, well-mannered, an “A” student who is always on task, and a subtle leader to whom his classmates gravitate. Dr. Milanovich thanked Myles for being a positive role model who does not allow others to distract or influence your ambitions.

The other McCormick student being recognized tonight is nominated by Mrs. Carney, and his name is Gabriel Hilliard. Since coming to our school last year from another district, Gabriel has worked extremely hard in his classes to re-adjust, making over two years of improvement on his reading level in a very short time. He went from being described by his teachers as quiet to being called an amiable young man who is often found laughing, smiling, and showing a genuine love for life and for school. Gabriel is a hardworking student who always gives 100 percent, and embodies the determined spirit that we hope all students will aspire to.

**Facilities Committee – Mr. Harbaugh**

The Facilities Committee discussed the following items at the meetings held on February 11, 2013 and February 25, 2013:

**February 11, 2013 Facilities Meeting**

**Middle School Construction Progress Update**

Dr. Milanovich asked Eckles to share with the board the final plans for the project.

- Brian Faulkerson reviewed the facility plans with the board.
- Discussion was held regarding a new practice field.
- Decision needs to be made whether to go with a turf field or a grass field.
- All teams can utilize the turf field throughout the year, multi-purpose field.
- Board would like Eckles to provide prices and proposals for turf field and a grass field, along with parking, light fixtures, power, poles, curbs, drainage as necessary, etc.
- Track and field would have a circle pad built for the discus and shot put, protected from the weather.
- Original plans were designed with 3 fields on campus.
- Utilize the baseball field at McCormick.
- Right now there is a hookup for a hose and a drinking fountain.
- Board should consider an irrigation plan.
- Need to address funding for project.
- Maintenance would be cheaper on a turf field than on a grass field.
- Life of a turf field is about 8 – 10 years.
- It's not uncommon for a district the size of moon to have two (2) turf fields.
- Look in to option of name on field to defer costs.

- There would be a cost savings to the district to replace the turf on the football field and install turf on the practice field.

**Baseball Field/Softball Field**

- Mr. Testa asked about relocating the foul poles at the softball field.
- Benches in the dugout are very short. Benches will be corrected shortly.
- Field will not be able to be sued this season.

**February 25, 2013 Facilities Meeting**

Ms. Crawford updated the Board with the following:

- Phase 3 Update
  - 65% - 75% completion with demolition of the building
  - Building demotion is scheduled to be completely done by May 24, about a month ahead of schedule, weather permitting
  - She has met with the plumber regarding additional scope items that district requested
  - Site schedule worked out to be completed before school starts in August

Mr. Bennett spoke to the Board about the following items:

- Facilities Usage

We have been experiencing increasing problems with the following items on the campus:

- Traffic control
- Parking control (parking on curbs, etc.)
- Parking lot security
- Crowd security inside of building
  - Limiting crowd access to unauthorized areas in the building
  - Cost of additional security services
  - A meeting is going to be scheduled to look at outsourcing parking lot security, traffic security and building security

- Facilities usage fee schedule
  - Audio needs
  - Sound needs

Mr. Balaski, Mrs. Heasley and Mr. Rich spoke to the Board about concerns they have with groups, rec center leagues, etc., using the facilities and not taking care of the facilities. We charge usage fees to rent the buildings, however, some groups think they should not pay because it is a public facility and they pay taxes. The public thinks they should have a free run of the building since they pay taxes. Areas of the buildings are closed off with gates.

Mrs. McCurdy asked what is being recommended as a resolution to these problems. Mr. Bennett responded that administration is recommending taking another look at our Facilities Usage Policy and fee schedule and we may want to increase room usage fees, start requiring security, parking control, etc., keeping everything consistent for both buildings.

Mr. Bennett commented that the Superintendent suggested that Mrs. Schisler, the two superintendents, the solicitor and possibly one or two more board members participate on a committee to collaborate on some of those matters.

We think we have a good policy, but it needs to be revised and make things consistent with both buildings. The current facilities usage form doesn't mesh with the current facilities. Need to decide what we want to offer to everyone, not just pick and choose, what we offer and to whom. The biggest issue is multiple events going on at the same time. Things will change too, once we are finished with construction and we have more parking space available. We believe it's a good start to take a look at revising this policy and bring something back to the board for consideration.

Also, we have invited a nationally renowned security company to take a tour of our facilities and events, make recommendations and give us a proposal.

The anticipated costs to the district will be approximately \$500 per student to help defray the costs of airline transportation, hotel lodging and registration fees.”

**Odyssey of the Mind Field Trip**

IT WAS MOVED by Mrs. Schisler, SECONDED by Mr. Olszewski, “that the Board of Education approve Odyssey of the Mind to participate in the State Odyssey of the Mind Tournament in the Poconos, April 12 – 14, 2013. The estimated cost to the district will be approximately \$18,528.00.”

Mr. Testa is abstaining from voting since his son is on team. Mr. Testa asked the team members that were at the meeting to stand up and be recognized. We had 15 Moon teams compete, which is 98 students. Of those 15 teams, 5 teams moved onto states; we were well represented throughout the district.

IT WAS MOVED by Mr. Steele, SECONDED by Mrs. Tatone, “that the Board of Education approve the resolution from the Law Offices of Ira Weiss related to the 2013 residential assessment appeals as attached.”

Mrs. Schisler asked Mr. Bennett to re-explain what is going on to public. Mr. Bennett read the resolution: *The Law Offices of Ira Weiss are authorized to initiate 2013 tax assessment appeals on all residential properties whose market value exceeds \$150,000 that are determined to be under-assessed as compared to similar properties in the neighborhood based upon sales prices evidencing the properties are assessed at less than 80% of their fair market value. Appeals of commercial properties of significant value where that property is considered to be under assessed by \$100,000 or more are also authorized.*

Mrs. Schisler asked how far back those sales go. Mr. Bennett said this will pertain to all 2012 sales. We would not be going back to properties owned for many years.

All directors voted in favor on a voice vote.

**Change Orders for High School to Middle School Conversion Project**

IT WAS MOVED by Mrs. Schisler, SECONDED by Mrs. Tatone, “that the Board of Education approve the change orders related to the middle school project for an increased cost of \$53,442.00.”

Discussion was held, Mr. Testa asked Mr. Faulkerson a few questions regarding GC3-4, Franjo Construction regarding architect’s omission, and regarding demolishing the existing asphalt entrance to the main high school entrance, furnish and install 35’ seat wall along the west side of the entrance, and provide a new concrete sidewalk at the main entrance to match the remaining exterior of the building.

Mr. Faulkerson displayed a drawing explaining that basically the high school entrance asphalt sidewalk was there for purpose that we still had to redo the rest of the site. On the Middle School plan, the intent was to have to a new sidewalk and renovations in the area, and it was missed. It wasn’t on the plan and they forgot it. Redesigned sidewalks, took seat wall out, adding additional concrete for sidewalks. Mr. Testa’s concern is that this is a pretty big miss, and should have been caught originally, and will be coming out of capital reserve fund. Mr. Faulkerson said it was not missed, it wasn’t on the drawings. Mr. Testa asked if his company would pay for this? Mr. Faulkerson said that no that would not happen, as it’s an omission and it hasn’t been paid for yet. Dr. Milanovich would like to see this done correctly. The board has a point regarding costs and she would like Mr. Naugle to consider this.

Mr. Olszewski asked how was this missed and is there a chance of a price reduction? Dr. Milanovich reminded everyone that this is the main entrance of the school, with the new roadways, buildings, this entrance should not distract from the sight.

Mr. Harbaugh agrees that this is a huge omission and doesn't think we should shrink this down to where this entrance stands out for wrong reasons. We want to keep the same types of sidewalks, entryways, etc., the same as we have on the entire campus.

Mr. Bussard would like to see if they would reduce the price, possibly leave the seat wall out. Possibly add the seat wall later.

Mrs. Schisler presented information to the board regarding her meeting at the water authority.

After further discussion, there was a motion by Mrs. Tatone, seconded by, Mr. Bussard, to table Change Order GC3-4 from FRANJO Construction. On a roll call vote all directors voted in favor with the exception of Mr. Olszewski and Mr. Harbaugh who voted in disfavor. Motion passes to table change order GC3-4.
