## **MOON AREA HIGH SCHOOL**

On behalf of the administration and faculty, I sincerely welcome you to Moon Area High School. We are committed to fostering a healthy environment of learning, leadership, community, personal growth and respect.

The policies and procedures contained in this handbook aim to ensure a productive and effective partnership between school personnel, students and parents. Our school has a reputation for excellence. Our faculty is well educated and committed to student learning. Our extra-curricular programs are exceptional, and we encourage all students to get involved in the many activities that we offer.

The foundation of the policies is the desire to create a safe, respectful environment in which everyone understands and is able to fulfill their responsibilities. This handbook is an informative guide for both students and parents. Common sense and respect for the rights of others will dictate the course of action in the absence of printed guidelines.

This is your school. Your effort, participation, and behavior will dictate what others think about it. Take pride in your school.

This handbook should be read carefully and the contents shared with parents or guardians. It is important that everyone involved is informed and understands the rules and policies of Moon Area High School. Ignorance will not excuse parties from following the rules and regulations.

Once again, on behalf of the administration and faculty, I will ensure you that we will do everything to help you make the most of your school year at Moon Area High School.

Respectfully,

Barry Balaski  
Principal

## COMPUTER AND NETWORK USAGE AGREEMENT

During the beginning of the school year new students entering the high school will be issued an ELECTRONIC SYSTEMS USAGE AGREEMENT. Students, parents, and guardians are asked to read and agree to stipulations for the district's expectations and usage of the Internet. Students that violate any of the electronic guidelines may have their user accounts restricted or terminated and face disciplinary action deemed appropriate by the building principal based upon the school discipline code.

## STUDENT EMAIL

Access to and use of student email is considered a privilege afforded at the discretion of MASD. Student email is subject to monitoring at all times and should not expect any email to be private. The district maintains the right to immediately withdraw the access and use of student email when there is reason to believe that violations of law or district policies have occurred. Parents are encouraged to log on to a student's email to view their correspondence and files.

Student email accounts are to be used for the following purposes only:

- Teacher-student correspondence.
- Accessing/submitting classroom assignments or materials.
- Accounts for classroom web-based tools, such as blogs, wikis, etc.
- Correspondence with students/partners in collaborative class activities.

Students may not use email accounts for:

- Unauthorized personal communication.
- Bullying or harassment of other students and/or staff.
- Forwarding of chain email, spam, or commercial content.
- Sending inappropriate content or language.

## **Child Find**

The Moon Area School District is responsible for locating, identifying and educating school-aged students requiring special programs or services. If anyone in the community is aware of a child who is in need of special services and/or programs, please notify the Moon Area School District Director of Pupil Services Michael A. Haslett at 412-264-9440 (ext. 1114).

## **English as a Second Language Services (ESL)**

In accordance with federal law and state regulations, the Moon Area School District must identify all students who are English Learners (ELs). These students typically have a primary language other than English that is used in their homes. Students identified with a limited English proficiency are eligible for ESL instructional services to help them attain proficient skills in their use of the written and spoken English language. All students must have a Home Language Survey completed by their parents prior to admission into the school district. This survey allows the Moon Area School District to identify possible English Learners. The ESL teacher will screen any student identified as possibly having a limited English proficiency and will provide direct services to students based on their level of need. Parents or guardians who feel their child may have a limited English proficiency should contact Michael A. Haslett, Pupil Services Director, at 412-264-9440 (ext. 1114) for more information.

## **Confidentiality of Student Records**

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. This notice is Moon Area School District's annual notice of your rights under FERPA. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. **You can opt out of having your directory information disclosed by notifying your school principal.**

Moon Area School District officials include a person employed by the school as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as attorney, auditor, medical consultant or therapist, technology and software companies), bus drivers, food service personnel or a parent or student serving on an official committee, such as a disciplinary or grievance committee, Pennsylvania Department of Education's Office of General Counsel when performing investigations under the Educator Discipline Act, or assisting another school official in performing his or her tasks.

For additional information, you may call 1-800-USA-LEARN (1-800-872-5327) (voice). Individuals who use TDD may use the Federal Relay Service.  
Or you may contact us at the following address:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-8520

If a child transfers to another school system, records will be forwarded after notification of enrollment is received from the new school. High school students' transcripts will be released to post-secondary or prospective employers with the written permission of the parents or eligible student.

Various non-confidential information can be released to outside agencies. This includes information such as names of academic award winners and athletic team members. If you do not desire this type of information to be released, please notify the building principal in writing. Confidential information such as psychological, psychiatric, and other information regarding students' special needs may be released only with a written parental request.

According to the Family Education Rights and Privacy Act of 1974, directory information concerning a student may be included in publications such as sports programs, newspapers, radio and television news releases, awards and graduation programs, yearbooks, musical and play programs and other school publications. This directory information may include data relating to a student's name, address, telephone number, date and place of birth, major fields of study, participation in officially recognized activities and sports, weights and heights of members of athletic teams, dates of attendance, degrees and awards received and other similar information. Parents who wish to have their children exempted from published lists of directory information may do so by informing the principal in writing.

Parents or students may request a copy of Moon Area's student records policy from the building principal or superintendent's office. If you would like to see any of these records at any time, please call to make an appointment with the principal. For further information regarding this policy, contact: Dr. Maureen Ungarean, Superintendent, Moon Area School District, 8353 University Boulevard, Moon Township, PA 15108.

### **Services for Protected Handicapped Students / Chapter 15 Regulations**

In compliance with state and federal law, the Moon Area School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school programs and extracurricular activities to the extent appropriate to the student's abilities. To qualify as a protected handicapped student, the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program. These services and protections for "protected handicapped students" are distinct from those applicable to all students with disabilities enrolled (or seeking enrollment) in special education programs. To obtain additional information about the evaluation procedures and provisions of services to protected handicapped students, contact Michael A. Haslett, Pupil Services Director, at 412-264-9440 (ext. 1114).

### ATTENDANCE POLICY

#### PURPOSE

The Board recognizes that attendance is an important factor in educational success, and supports a comprehensive approach to identify and address attendance issues.

**All students of compulsory school age who reside in the district shall be subject to the compulsory school attendance requirements.**

A student shall be considered in attendance if present at any place where school is in session by authority of the Board; the student is receiving approved tutorial instruction, or health or therapeutic services; the student is engaged in an approved and properly supervised independent study, work-study or career education program; or the student is receiving approved homebound instruction.

*All teachers and principals shall assume responsibility for enforcing compulsory attendance laws in conformity with the School Laws of Pennsylvania and the regulations of the State Board of Education.*

### REQUIRED ATTENDANCE

**Attendance shall be required of all students enrolled in the school during the days and hours that the school is in session. A principal or teacher may excuse a student for temporary absences when he/she receives satisfactory evidence of such mental, physical, or other urgent conditions which may reasonably cause the student's absence. A student shall be at an assigned station at the time appointed for the school day or class to begin, or be recorded as tardy. Exceptions to this policy may be made by the building principal.**

Attendance need not always be within the school facilities. A student will be considered to be in attendance if present at any place where school is in session by authority of the Board, or at the place where the student is engaged in an approved and properly supervised work-study or career education program, or at home when the student is receiving approved homebound instruction.

The Board shall consider each student assigned to a program of independent study to be in regular attendance for the program, provided that he/she is under the guidance of a staff member so assigned and reports to such staff member the place in which he/she is conducting study and regularly demonstrates progress toward the objectives of the course of study.

#### EXCEPTIONS TO REQUIRED ATTENDANCE

The board shall excuse the following students from the requirements of attendance at the schools of this district:

- 1.) Permissible excused absences are: a.) personal illness b.) doctor/dental appointments, c.) quarantine, d.) death in the immediate family, e.) traditionally recognized student holidays, f.) approved educational travel g.) court appearances.
- 2.) Students enrolled in nonpublic or private schools in which the subjects and activities prescribed by law are taught, except that such students and students attending college who are also enrolled part-time in schools of this district shall be counted as being in attendance in this district.
- 3.) Students fifteen (15) or sixteen (16) years of age whose enrollment in private trade or business schools have been approved.
- 4.) Children fifteen (15) years of age, and fourteen (14) years of age who have completed sixth grade, who are engaged in farm work or private domestic service under duly issued permits.
- 5.) Children sixteen (16) years of age regularly employed during the school session and holding a lawfully issued employment certificate.
- 6.) Children who are home schooled pursuant to section 1327.1 of the Public School Code.

Upon written parental request, a student may be excused from school for religious holidays observed by bona fide religious groups. A student's absence from school for religious holidays shall be recorded as an excused absence. There shall be no penalty attached to an absence for religious holidays or instruction.

The superintendent shall develop procedures for the attendance of students which:

- 1.) Ensure a school session, which is in conformity with requirements of the rules of the State Board.
- 2.) Impose on truant students such incremental disciplinary measures as may be appropriate for infractions of school regulations, but no such penalty may have an effect on the student's record beyond that which naturally follows absence from school activities.

- 3.) Identify the habitual truant, and investigate the cause(s) of his/her behavior.
- 4.) Ensure that a student who incurs an **excused** absence will have an opportunity to make up missed work, including any test, quiz, or oral exam, without incurring any reduction in grades or test scores.
- 5.) Ensure that a student who incurs an **unexcused** absence will have an opportunity to make up missed work, including any test, quiz or oral exam. Such make-up-work and tests will be corrected and evaluated by the teacher for the benefit of the student's learning; but for the purpose of grading, students will not receive the assignment's points. If the teacher assesses grades or points for daily classroom attendance or participation, the student will receive the lowest daily grade for the unexcused absence.
- 6.) Issue written notice to any parent or guardian who fails to comply with the compulsory attendance statute within five (5) days of any proceeding brought under that statute. Such notice shall inform the parent or guardian of the date(s) on which the absence occurred, and that the absence was unexcused and in violation of law, that the parent must be so notified and informed of his/her liability under law for the absence of the student, and that further violation during the school term will be prosecuted without notice.
- 7.) Accurate records of daily and class attendance of all pupils shall be kept in each building as directed by the Superintendent and in compliance with the School Laws of Pennsylvania. A system of regular reporting of withdrawals, new entries, absentecism and percentage of

- 8.) attendance shall be required by the Superintendent from each principal's office.

In the secondary schools, all teachers will take accurate roll at the beginning of every assigned class period. Pupils who are absent but whose names do not appear on the absentee list must have their names submitted to the office in accordance with building procedures. Those students whose names appear on the absentee list, but who are present, must have a tardy slip signed by the office secretary who is assigned to attendance duties. Students must be present for at least 5 periods to be counted as present for a full day. Students who miss 3-4 periods will be marked as half-day absent. Those students who are only here for no more than 2 periods will be marked as full-day absent.

### UNEXCUSED ABSENCES

The school district's administration shall enforce Pennsylvania's Truancy Laws as set forth in Sections 1337 and 1354 of the Pennsylvania Public School codes of 1949, as amended (24 P.S. §§ 13-1333-1354). The School Code defines a student as habitually truant after six (6) unexcused absences. After six (6) unexcused absences the school district may file truancy charges with the magistrate against the student.

The District shall issue notice to those parents and guardians who fail to comply with the statutory requirements of compulsory attendance that such infractions of the statute will be prosecuted.

- 3 unexcused – Letter sent home informing parents of consequences
- 6 unexcused – Student Attendance Improvement Conference (SAIC)
- 9 unexcused – Referral to attendance program through Allegheny County
- 12 unexcused – Charges filed with magistrate

Pursuant to the Truancy Laws, local District Justices (Magistrates) have various enforcement powers, including the imposition of substantial fines against the parent and/or student, referring the student as a dependent child, and issuing hours of community service. The School District's Administration shall attempt to establish and maintain a cooperative arrangement with the elected district justices in an attempt to assure that the Court's enforcement provisions are utilized in a manner that will most likely result in improved attendance, on a case by case basis, taking into account the individual student and the parent/guardians.

A student who incurs unexcused absences and/or excessive total absences may be denied school privileges such as participation in extra-curricular activities, school sponsored events such as dances and proms, field trips, parking permits, and participation in graduation ceremonies.

### INTERVENTION PROCESS FOR EXCUSED/UNEXCUSED ABSENCES

*Note: This intervention process is to be implemented in situations where the school is not already aware that a student's absenteeism is due to a physician verified illness, family emergency, religious holiday, or vacation.*

Although the Truancy Laws provide prior notice to parents/guardians for unexcused absences, the school district shall follow a notice procedure for excused absences as well.

When a student incurs ten days of excused/unexcused absences a letter will be sent to the parent/guardian stressing the importance of school attendance and consequences if absences continue. A note from a physician is required after fifteen (15) total (excused and/or unexcused) absences in a year.

A conference may also be held at the principal's discretion with the parent/guardian teacher(s) or counselors after six (6) unexcused absences and/or 15 total absences. The purpose of the conference will be to review the Attendance Policy, examine any special circumstances that may explain the student's excessive absences, and/or the development of a school attendance contract/program. The principal may also require that all future absences for illness must be validated with a doctor's excuse.

### ATTENDANCE PROCEDURES FOR TEACHERS

During a designated period/advisor base, preferably at the start of each school day, the teacher will check the roll and the students' status will be recorded with the appropriate marks. Each teacher is responsible for checking closely on the attendance of every student under his/her charge. All excuses must be kept on file in the attendance office. The daily schedule should be followed.

### PROCEDURES FOR PARENTS As part of their responsibility, parents have the duty to provide the school with a written excuse for their child's absence. However, the school district retains the right to question or challenge the validity of any excuse submitted. In such cases, the burden of proof indicating that the child's absence was properly excused rests with the parents.

Parents are expected to notify the school at 412-264-9440 ext. 2015 when an absence of several days or more is anticipated, as in the case of illness or family emergency. This enables the school to maintain an accurate accounting of all registered students. In cases of prolonged absences, repeated illness, or excessive absences, the school district may require that such absences be justified with a medical doctor's statement.

All excuses must be submitted to the office within three (3) days of the student's return to school. You will receive a phone call during the day alerting you of your student's absence or late arrival. No action is needed unless you disagree with this information. Early releases also require a signed note, including a parent phone number for verification. Homework requests can be made after a student has missed three consecutive days from school.

### EXCUSED TARDINESS TO SCHOOL

Approved reasons for tardiness are the same as the reasons for excused absences. In order for tardiness to be recorded as excused, the student must submit a written note that provides the following: [after ten (10) excuses, a note from a physician is required]

- 1.) A signature from the parent or guardian
- 2.) The first and last name of the student
- 3.) The date of the tardiness
- 4.) The reason for the tardiness
- 5.) A daytime phone number

This excuse should be submitted to the Attendance Office when the student reports to school. Parents may write up to ten (10) excused tardiness excuses per child each school year. Instances of tardiness that accumulate beyond ten will only be recorded as excused when a doctor's excuse is presented. Students who suffer from chronic health problems may submit a doctor's excuse to be kept on file in the Attendance Office for future reference.

## TARDINESS PROCEDURES FOR STUDENTS AND PARENTS

Students who are tardy to school must report to the Attendance Office prior to going to their lockers or classroom. Students will receive a color coded “Tardy Excused” pass or “Tardy Unexcused” pass which they are to supply to their scheduled instructor.

## UNEXCUSED TARDINESS TO SCHOOL

Tardiness is recorded as unexcused when students fail to submit proper notification to the Attendance Office within three days of the day they report tardy. Students forfeit their make-up privileges for periods of tardiness that are recorded as unexcused and are subject to disciplinary consequences including but not limited to:

- Verbal Warning for three (3) unexcused tardies to school
- After school detention for six (6) tardies to school
- Two (2) after school detentions for nine (9) tardies to school
- Saturday detention for twelve (12) tardies to school
- Students that accrue more than twelve (12) tardies can be removed from extra-curricular activities, lose parking, and social privileges, or receive in-school or out of school suspensions. Habitual tardiness to school may also result in truancy charges being filed with the magistrate.

## VACATION PROCEDURES

Administration and staff strongly encourage parents to use the school calendar to schedule vacations when school is not in session. Vacations necessitating absence from school require submission and approval of a vacation request form, available in the main office, two weeks prior to the vacation beginning date. Administrators will review each vacation request. Only approved vacation requests will receive excused absence designation. Vacation request may not be approved if during state testing and/or final exams.

## ABSENCES

On the day following an absence, students must bring an excuse explaining the nature of their absence or have reason for absence entered on Skyward by their legal guardian:

- 1.) The excuse should be given to their first period teacher. A student has three (3) days to present an excuse, otherwise, the absence will be counted as an unexcused absence. Parents may also enter the reason for absence on Skyward and that will serve as notification to school for approval or denial by the attendance office.
- 2.) The time (days) allotted for make-up work will be the same as the time (days) as the lawful (excused) absence. Teachers reserve the right to allow for more time if the amount or depth of the assignment mandates. Students who are absent for school business must still make up work they may have missed.
- 3.) Students who cut/skip a class three times may be withdrawn from the class and receive no credit for the class. A **W** for (Withdrawn) will be posted on the student's report card.

## EARLY DISMISSAL

Administrators will follow the Pennsylvania School Code to determine the appropriateness of approving early dismissal requests from parents. The school will not grant early dismissals except for planned or emergency medical, dental or legal reasons.

To request an early dismissal, students must present a signed and dated note from their parent/guardian to the attendance office before 8:00 a.m. on the day of the requested dismissal or have the request entered in Skyward by their legal guardian by 8:00 a.m. on the day of. The note should also include a phone number where the parent/guardian may be reached that day for verification purposes if needed. Only the principals or school nurse may make or approve early dismissals. Non-emergency requests will not be universally approved. Students and parents should attempt to schedule appointments during non-school hours. Students must check out at the attendance window or in the main office when leaving for an early dismissal.

## ATHLETICS AND ACTIVITIES

All athletics at Moon Area High School are governed by rules set forth by the Pennsylvania Interscholastic Athletic Association (PIAA) and the Western Pennsylvania Interscholastic Athletic League (WPIAL). The basic rules of these organizations relative to participation and eligibility are:

- 2.) Students are eligible for only eight semesters of competition beyond the eighth-grade year.
- 3.) Students are ineligible if they reach their 19th birthday before July 1 of the current school year.
- 4.) Students must reside with the natural parent(s) or a court-appointed guardian within the school district to be eligible for athletics.
- 5.) Participation in all-star games not sanctioned by the PIAA or WPIAL or acceptance of money or items of value will make a student ineligible for the remainder of his/her high school career.

## MAHS ELIGIBILITY POLICY FOR ATHLETICS AND ACTIVITIES

The purpose of this policy is the implementation of a process for holding students who participate in co-curricular and extra-curricular activities accountable for an acceptable level of academic achievement, and school attendance. This policy also establishes requirements and conditions that must be met by students to maintain their privilege of participating in Athletics and Extra-Curricular activities at Moon Area High School.

A separate publication on the revised policy is available.

A building principal, in conjunction with the Athletic Director and student activities sponsors, are charged with implementing and monitoring this policy. After consulting with the appropriate staff, final eligibility status shall be determined by the building principal based upon the academic performance of each participating student.

Each head coach and activity sponsor will be responsible for monitoring, enforcing, and communicating the eligibility status of their students.

## REPORTING

- 1.) An initial student roster for each extra-curricular sport and/or arts activity will be submitted to the high school principal before final team/event/practice/rehearsal. Rosters are set for a given "season." These rosters are to verify that each student is academically eligible to begin participation in a sport or activity. A final alphabetical roster listing all students participating in seasonal sports and activities will be submitted to teachers weekly. Weekly documentation of Parkway West CTS shall be included.
- 2.) The weekly Athletic Eligibility report will be distributed to all faculty members via e-mail on Friday morning. Teacher's reports will be due at the end of the school day on Friday for the following week.

## ELIGIBILITY

- STEP 1 – A student on the weekly eligibility list that has an "F" grade reported for any subject will be placed on warning status and will have one week to improve the grade to passing status (defined as a "D"). The student's head coach/activity sponsor will notify parents of the student's status. Student must attend an after-school study session.
- STEP 2 – If a student appears on the eligibility list for two consecutive weeks in the same subject area, the student will be deemed ineligible and will be suspended from competing/participating, but may continue to practice/participate in a sport or activity. The student's head coach/activity sponsor will notify parents of the student's status. Student must attend an after-school study session.
- STEP 3 – If a student appears on the eligibility list for three consecutive weeks in the same subject area, the student is deemed **ineligible** and will be suspended from any participation in a sport or activity. The student's head coach/activity sponsor will notify parents of student's status. Student must attend an after-school study session.
- STEP 4 – If a student appears on the eligibility list for four consecutive weeks in the same subject area, the student will be deemed ineligible in all sports or activities for the remainder of the current semester. The student's head coach/activity sponsor shall notify parents followed by written confirmation from the principal.

*This four step sequence is applicable to each reported failing grade.*

*A student who has reached STEP 4 and is ineligible for the balance of any season will be placed on STEP 1 at the start of a subsequent season (if participating). The student's ineligible status will remain in effect until a week of in-session school is completed without a 'F' grade in any course. A student who receives an 'F' as a final grade in any course shall be placed on STEP 1 of the sequence until a week of in-session school is completed without receiving a report of an 'F' grade in any course.*

Additionally, students must attend any assigned Keystone Remediation sessions in order to maintain eligibility.

## EVENTS & STUDENT ATTENDANCE

- 1.) Students must be present in school to participate, practice, rehearse, compete, or perform.
- 2.) Students must be in school for five (5) full periods of the school day to participate, practice, rehearse, compete, or perform. The Athletic Director and Principal will review exceptions to this policy on a case-by-case basis.
- 3.) A student who is considered **habitually truant** or has six or more unexcused tardies/absences may be suspended from participation in all competitions/performances and practices /rehearsals until the beginning of the next semester.
- 4.) When students are suspended from school, they are ineligible to participate in any co-curricular or extra-curricular activities that are scheduled on the same day. Ineligible students cannot practice or participate until they have returned for the next regular scheduled school day.

## AFTER SCHOOL STUDY SESSIONS/ELIGIBILITY

In order to generate a structured study environment, the high school will offer and staff an after-school study session at the high school from 2:15 p.m. until 3:00 p.m. to help regain eligibility.

Students who are assigned to study sessions because of eligibility issues must attend the 45-minute long session.

Students may be released from the study session for tutoring with another teacher or to participate in team sponsored study sessions. Each release must include written verification (Excuse from Study Session Form) from the head coach/activity sponsor or teacher.

Time spent with teacher or coach must be equal in the amount to study session. Students with an unexcused absence from a study session must attend a make-up session the next week.

Eligibility status will not be restored until all missed study sessions are made up, even if the 'F' grade is raised to a passing mark.

## TIME-OUT PROVISION

The Time-Out Provision permits a student to voluntarily leave the team or activity due to failing academic progress, family issues, or other circumstances approved by a coach, activity sponsor, athletic director and/or principal for a specific period of time during a season.

- 1.) Approval for leave from team/organization must follow a conference with the head coach/activity sponsor, parents, and athletic director or a principal.
- 2.) The student will be permitted to return to the team/activity, but position/role or status will be left to the discretion of the head coach/activity sponsor.
- 3.) When a student is granted permission to leave any team/activity, the student may not participate in any other athletics, activities, or employment opportunities until he/she returns to his or her original team or activity.

## APPEAL PROCESS

Students' grades and attendance are the sole factors that will determine eligibility under this policy. Therefore, there are no means of appealing the report of a failing grade, absences or tardiness to school under this policy. Parents and students may inquire with subject teachers about their grades, or

with a principal about their attendance reports. Other factors such as disciplinary matters and team/organization rules which may affect a student's eligibility to participate in a sport or an activity are not intended to be a part of this policy.

### INTRAMURAL ATHLETICS

While there is no formal intramural athletic program, Moon Area High School will strive to provide students with opportunities to experience personal enjoyment through participation in a variety of individual or team recreational activities. Activity sign-up procedures, dates and times will be placed on the daily announcements and posted on bulletin boards around the school. Students are welcome, and encouraged, to suggest and promote recreation activities that will nurture enjoyment, positive physical development, constructive competition, and school spirit.

### DANCE RULES

Students attending all MAHS dances are subject to all school rules including the dress code. Guests to any dance must be accompanied by the inviting Moon Area High School student for the duration of the dance. Students are subject to search upon entering the venue. Students are not permitted to leave the dance until the official ending time. Please see below for specific details regarding the dress code.

## STUDENT BEHAVIOR AND ACCOUNTABILITY

Students share with the administration and faculty a responsibility to develop and maintain a climate within the school that is conducive to learning. The Moon Area District promotes and requires good character from all of its employees and students. The expectations are clear that all persons will conduct themselves properly and will obey all policies, rules and regulations that have been established to create a safe, orderly and productive environment. Administration has the right to issue consequences for any behavior deemed inappropriate which also includes social media/cyber posts. MASD also adheres to PA School Code Section 12.2: Student Responsibilities. All students will be presumed to be responsible for their actions and are expected to promote and contribute to the orderly operation of the school in the following respects:

- 1.) Recognize and become accountable for regular school attendance, conscientious effort in classroom work, and conformance to school regulations that are the basic components of responsible school citizenship.
- 2.) Respect the rights of teachers, students, administrators, and all others who are involved in the educational process. No student has the right to interfere with the education of his/her fellow students.
- 3.) Express ideas and opinions in a respectful manner so as not to offend, demean or slander others.
- 4.) Assume that until a rule is waived, altered, or repealed, it is in full effect.

The State of Pennsylvania, Basic Education Circular 139, Student Rights and Responsibilities provided the framework for these guidelines.

## REASONABLE REQUESTS

Faculty and administration believe that an orderly and safe environment must be established and maintained for effective education to occur. Moon Area High School requires that students follow “reasonable requests” made by any staff member. Failure to follow a “reasonable request” made by any staff member of a student will result in an automatic suspension from school.

## POLICY 218.5 STUDENT MISBEHAVIOR

- 1.) Offenses Involving Danger to Persons or Property Including: (1) assault, (2) possession of weapons and dangerous instruments, (3) theft, (4) damaging or unauthorized use of school property, (5) trespassing, (6) making threats directed against the schools which involve potential danger to persons or property.

## LEAVING SCHOOL WITHOUT PERMISSION

Students are prohibited from leaving the building without specific written permission from a principal or the school nurse. If the student leaves the school without permission, he/she will be suspended and the parents notified.

## PUBLIC DISPLAYS OF AFFECTION

Staff and administration work hard to create and maintain a safe and appropriate learning environment for all students. Students are asked to refrain from hugging and kissing while on the high school campus. Public displays of affection are not appropriate as it is embarrassing for students, faculty, visitors, and the community. Students that violate the rule will face consequences and have parents notified about the behavior.

## STUDENT PROCEDURES BEFORE AND AFTER SCHOOL

No student is permitted to be in the corridors or in classrooms before 7:00 a.m. unless under the direct supervision of a faculty member. No student is to remain in the building after 2:30 p.m. unless under the direct supervision of an approved adult. Any student who does not adhere to this building use restriction is subject to having a trespassing charge filed with the Moon Township Police Department.

## DETENTION

Detention is time students are required to spend in school, beyond the regular school day, for disciplinary reasons. Students with undesirable patterns of attendance, tardiness, or conduct, as well as other disciplinary problems, will be assigned to a quiet, supervised area in the school. Students are expected to report on time, bring materials, sit in the assigned seat by the supervisor, and refrain from eating, drinking, sleeping, and talking with others.

- Miss one (1) after school detention and receive two (2) after school detentions
- Miss two (2) after school detentions and receive one (1) Saturday detention.
- Miss one (1) Saturday detention and receive one (1) day of in school suspension and reschedule the Saturday detention. A student must serve the Saturday detention as it does not go away until it is served.

## SATURDAY DETENTION

Saturday detentions require students to spend three (3) hours of a Saturday in the Large Group Instruction room at the High School. Students are expected to arrive to the detention on time with school work to complete. Students are expected to complete work quietly for the entire duration of the detention. The detentions are monitored by a teacher.

If students miss a Saturday detention the detention is rescheduled and the student is required to serve an In School Suspension. The Saturday detention is not removed until it is served.

## BUSING

Students riding the school buses, including activities buses, are under the direct supervision of the bus driver. Students are subject to all school rules while on a district bus and should remain seated at all times. Riding district buses is a privilege. Students that repeatedly violate bus procedures will have this privilege temporarily or permanently revoked and/or receive additional consequences.

Late buses leave from the high school at approximately 4:00 p.m. every day, unless announced otherwise. Late bus passes are available for students staying after school with a teacher for a valid reason. Passes must be signed by a teacher and validated by the office. Students wishing to ride a bus other than their own must bring a written request from a parent/guardian to the Assistant Principal's office before the school day begins.

All school and district policies and regulations apply to district transportation. Misbehavior on a school bus, including smoking, may result in denial of riding privileges and/or additional consequences.

## CAFETERIA

The cafeteria serves full lunches and *a la carte* selections at reasonable prices during lunch periods. A continental breakfast is available from 7:00 a.m. until 7:25 a.m. Monthly lunch menus are available in offices and online. Reduced price lunch forms can be obtained in the hall offices.

All students must report promptly to the Cafeteria during their scheduled lunch periods. Students lingering in hallways may be directed to a hall office for assignment to detention.

Students are expected to know and follow cafeteria rules. Those who do not may be given assigned seats, removed, assigned a Saturday detention, or receive suspension.

- 1.) Students must remain in the cafeteria area the entire lunch period.
- 2.) No student may leave the building for lunch purposes.
- 3.) Students are not permitted to cut in the food line.
- 4.) Any student who engages in inappropriate activities such as: chair-tipping, food fights, physical aggression, etc. will receive disciplinary action at the discretion of the administrator. This may include a suspension.
- 5.) Commercial lunch delivery is prohibited.

## DRESS CODE

Moon Area High School is an educational institution designed for serious study. In order to ensure an atmosphere that promotes learning, dress guidelines are established. These guidelines are periodically reviewed; and while changes in fashion are accepted, students are advised to exercise moderation and good judgment when choosing clothing to be worn to school. Clothing may not disrupt the learning environment or intentionally/unintentionally draw attention to themselves.

Students violating these guidelines will be sent to an office by their teacher. Students dressed inappropriately will be asked to change or spend the rest of the day in the in-school suspension room. Students will also be subject to disciplinary action such as detention and suspension. All students participating in P.E. classes are required to dress appropriately.

Refusal to comply with the dress code will be considered insubordination and will be grounds for detention or out-of-school or in-school suspension.

The following items are considered **inappropriate** for school use:

- 1.) All head/hair coverings, partial or full. Additionally, sunglasses are not permitted to be worn.
- 2.) Halter, spaghetti strap, tank and other low cut tops; muscle shirts; clothing exposing bare shoulders, midriffs, chests and backs.
- 3.) Articles of clothing which make reference to alcohol, drugs, weapons, guns, vulgarity, ethnic, or racial groups and any other offensive/disruptive clothing.

  - 8.) Apparel that may constitute a threat to the health, safety, or welfare of the school, student body, or staff.
  - 9.) Sleepwear and slippers are not to be worn during the school day including blankets.
  - 10.) Shoes must be worn at all times.
  - 11.) The administration reserves the right to determine if any apparel is inappropriate.

### DRIVING AND PARKING REGULATIONS

Although it is strongly recommended that students use the District's free bus transportation, it is recognized that students may choose to drive private vehicles to school. Students are not permitted to drive motorcycles on school property. On-site parking, however, is very limited and therefore restricted. In order to provide for the proper use of available parking, a parking permit system has been devised that enables all staff members and a limited number of students to receive a parking permit. Student parking is a privilege and not a right.

Use of parking lot on school property during the regular school day is strictly limited to students who possess a parking permit. Preference for the limited available student parking slots will be given on a first-come basis to seniors, followed by junior class members who possess a valid PA driver's license.

The School Board recognizes that the safety of pedestrians and drivers on campus is paramount. The School Board also recognizes that motor vehicles can be utilized by students in the possession, sale, storage or transportation of illegal substances, devices and objects, such as drugs, alcohol, stolen goods or weapons. The School District's obligation to maintain a safe, healthy and productive educational environment may therefore at times require the search of motor vehicles driven by students onto school premises. In order to receive a student parking permit, the student and the student's parent/legal guardian must sign a written consent form, authorizing the search of a motor vehicle by a school official in accordance with the District's search policy.

School officials may conduct a physical search of a motor vehicle used by a student while on school premises when there exists reasonable grounds to suspect that 1.) the vehicle is being used for the storage of an object or substance which is prohibited by law or school policy, 2.) the student driver has violated a law or policy and the vehicle may contain an object or substance which is prohibited by that law or policy, or 3.) the vehicle contains items which constitute a threat to the health, safety or welfare of the student or other students of the School District. Prior to a physical search of the vehicle, the student shall be given an opportunity to voluntarily open or unlock the vehicle and be present for the physical inspection.

Vehicles without permits or which are parked in unauthorized areas on school grounds will be towed without warning at the owners' expense.

Moon Area High School Parking Regulations:

- 1.) Students desiring to park on school district property during the regular school day must register their cars with the administration and obtain a parking permit. Proof of valid PA driver's license and insurance is needed when picking up the permit.
- 2.) There is nominal cost to register to park on campus.
- 3.) Parking permits are NOT transferable and may not be shared between students. The permit is to be used only for vehicle(s) listed on the parking application.
- 4.) Parking permits must be displayed while on school grounds. Vehicles without permits or which are parked in unauthorized areas on school grounds will be tagged or towed at the owner's expense, without prior notification.
- 5.) Students who do not follow directions from parking lot monitors shall forfeit parking privileges for the remainder of the school year. Insubordination may also result in suspension or other disciplinary actions.
- 6.) Reckless/fast driving will not be tolerated and will result in the immediate forfeiture of parking privileges for the remainder of the school year. Reckless/fast driving may also be reported to the Moon Township Police Dept.
- 7.) Students will not be permitted to make visits to their vehicle
- 8.) Students are required to park only in the space designated by their parking permit. Failure to park in one's assigned space will result in the immediate forfeiture of parking privileges for the remainder of the school year.
- 9.) Students parking illegally will be subject to having their vehicle towed without notice and other disciplinary measures up to and including suspension.

### PARKWAY WEST DRIVING AND PARKING REGULATIONS

All morning and afternoon Parkway students are required to ride transportation provided by Moon Area School District. Parkway students are not permitted to drive personal vehicles to Moon Area School District and Parkway School West. Students must maintain a 2.0 or above in order to attend. Habitually truant students may be removed from Parkway.

Seniors who have Cooperative Education Program with Parkway must apply for, and receive, a parking pass at Moon Area High School and Parkway West Career and Technology Center in order to drive. It is the student's responsibility to secure both passes in order to drive to the Cooperative Education Program.

### DRUG AND ALCOHOL POLICY AND SEARCHES

The Moon Area School District recognizes that chemical use is not only illegal, but inhibits a student's performance and development. The School District believes that students must be chemically free to attain maximum academic, social and emotional development. The School District further believes that education, prevention and intervention are all necessary to eliminate student drug and alcohol use including vape.

Our discipline policies specifically prohibit the possession, use, distribution or being under the influence/suspected influence of any illegal drug, controlled substance, alcohol or vape/electronic smoking device while on school property. Please note, "school property" includes not only school buildings, but also exterior school grounds, buses and the location of any school sponsored-event, even if the event occurs off school property. It is also very important to understand that school lockers are school property.

In regard to student lockers, Moon Area School District's policy specifically states as follows:

- *Students shall have no expectation of privacy in their lockers. Any locker assigned to a student is subject to being searched at any time. Any locker assigned to a student is subject to being targeted for a physical search as a result of an unannounced, random search of school lockers for the detection of dangerous devices or illegal drugs by mechanical means through the use of trained dogs.*
- *Students are required to keep their assigned lockers secured with a school issued lock. The fact that students maintain locks on their lockers is not to be interpreted in any manner as giving the students an expectation of privacy in their lockers.*
- *Students should also lock their belongings in a locker during their physical education classes. Students should take responsibility to ensure that their valuables are protected in the locker rooms.*

The Board of Education has authorized the High School and Middle School administrators, as well as Central Administration, to implement locker

searches for the purpose of continuing to provide a safe and healthy environment for all of our students. To that end, High School and Middle School Administrators will conduct unannounced searches of student lockers to determine if they contain any illegal substances. Such searches are not intended to create unnecessary alarm among parents or students. Rather, they are intended to show our proactive stance on insuring a safe environment for all students.

Searches are being undertaken for the purposes of: detecting, preventing and intervening in the use of illegal drugs and alcohol, weapons, and other items that could cause harm to the students and staff of Moon Area High School.

These locker searches may employ drug-sniffing canine units from local law enforcement agencies to sniff the exteriors of lockers. The use of trained dogs to target drugs will be done as often as deemed necessary to promote and protect the safety and well-being of our students and our schools.

Under no circumstances will there be any contact with a dog. The dogs will not be permitted to sniff any student or person. Students will be required to remain in classrooms while dogs are led by trained handlers through hallways past lockers. If a dog identifies a locker as being suspect, the locker will be tagged and manually searched by School Administrators after the canine corps has left the premises. The lockers immediately to the left and right of the targeted locker will likewise be searched. The student assigned to the locker will be present during the search. Again, such searches will be conducted only after the dogs have left school grounds.

The parents of any student who has a locker that has been searched will be contacted and told of the results of the search. It would not be uncommon for a dog to target a locker that does not contain suspect substances. A phone call to any parent will not necessarily mean that drugs were found in a student's locker.

Discipline for any student involved in a drug or alcohol related incident is immediate. Drug and alcohol violations typically result in the student being immediately suspended for up to ten days by the Principal with referral to a disciplinary hearing before the School Board. Following a School Board hearing, a student may be permanently expelled from school. In most cases involving drugs and alcohol, the punishment is significant. The student will be referred to the M.A.P.S. program if not expelled.

*A copy of the most current Moon Area School District Drug and Alcohol Policy can be obtained in the high school's main office, hall offices and the counseling center. Administrators and counselors are available to discuss the contents of the policy.*

Administrators have the sole responsibility for implementing district Drug and Alcohol policy.

## **ELECTRONIC DEVICES**

Students are strictly prohibited from using personal electronic devices, including but not limited to cell phones, I-pods, MP3 Players, headphones/earbuds, and cameras during the regular school day in the cafeteria, classrooms, gymnasiums, library, locker rooms, lavatories, auditorium and in the hallway (7:30 a.m. to 2:15 p.m.) *The use of any type of photographic or recording device in locker rooms is **prohibited at all times**.*

The display of, use, and noise caused by any personal electronic device including headphones or earbuds, except when specific permission has been granted, is a violation of the Student Code of Conduct. Students must immediately surrender any prohibited device upon the request or demand of a staff member. Disregard for this prohibition or any staff intervention is a further violation of the Student Code of Conduct. All prohibited items will be confiscated and turned in to administrative offices. Items will only be returned to the parent or legal guardian of the student. Consequences for violation of the above stated guidelines include detention, and/or suspension.

If students choose to bring these items to school, it shall be at their own risk. Moon Area High School will not be responsible for any damaged, missing, or stolen electronic devices, and administrative time will not be taken to investigate such incidents.

Calls to students from parents and others may be placed through the high school offices. Emergency messages for students will be delivered promptly and privately.

## **EMERGENCIES**

Moon Area School District has established effective procedures and drills designed to ensure the safety of its professional and support staffs, and students. At various times of the school year staff, students and parent/guardians will be notified of these procedures in case of fire, building intruders, weather emergencies, evacuation/relocation, etc.

## **FIRE DRILLS**

Fire drills, held once each month during the school term, are conducted in a serious manner. Students should move promptly and quietly upon the signal for a fire drill to designated exits. The following procedures must be observed during fire drills:

- Students should go to the nearest exit indicated by the emergency map located in their classroom.
- Students should leave the room in a single file, those nearest the door leaving first. The teacher will make sure the last student has left the room and will close the classroom door.
- Students must go 50 yards from the building during the drill.
- All students, teaching assistants, and faculty must leave the building.

## **GRADES AND REPORT CARDS**

Every nine-week period, students will receive report cards to inform them and their parents of their academic progress and standing in each subject. The following percentages are used to reflect grades earned during a grading period:

- A – Superior (90 – 100%)
- B – Above average (80 – 89%)
- C – Average (70 – 79%)
- D – Below average (60 – 69%)

- I – Incomplete “F” if the student does not make up work
- P – Passing (pass/fail courses)
- X – Medical excuse or exempt from exam

Example: 21 quality points / 6.5 credits = 3.231 Q.P.A.

**Quality points are assigned on the following basis:**

<i>1 Credit Course</i>	<i>.5 Credit Course</i>	<i>Honors Course</i>	<i>A.P. Course</i>
<b>A = 4.0</b>	<b>A = 2.0</b>	<b>A = 4.5</b>	<b>A = 5.0</b>
<b>B = 3.0</b>	<b>B = 1.5</b>	<b>B = 3.5</b>	<b>B = 4.0</b>
<b>C = 2.0</b>	<b>C = 1.0</b>	<b>C = 2.5</b>	<b>C = 3.0</b>
<b>D = 1.0</b>	<b>D = 0.5</b>	<b>D = 1.5</b>	<b>D = 2.0</b>
<b>F = 0.0</b>	<b>F = 0.0</b>	<b>F = 0.0</b>	<b>F = 0.0</b>

A hall pass must be used any time a student needs to be outside the classroom during class periods. Each classroom teacher will establish the policy regarding hall pass usage in his/her class. Hall passes may only be used by one student at a time.

### HEALTH SUITE

A certified nurse supervises the health suite, which is located on the first floor next to the counseling center. The health suite is equipped to render immediate care in case of accident or illness. However, the nurse may not administer medication, prescription or non-prescription, to any student without a written order from a physician.

Students who become ill at school or need to see the nurse should ask their classroom teacher for a nurse's pass. Students will not be admitted without a pass except in case of emergency. The nurse will administer first aid, allow students to lie down in the rooms provided, or make arrangements to send them home.

### INSURANCE

For a period of about two weeks at the beginning of the school year, student insurance is made available to students at moderate cost. Throughout the year, applications for student insurance are available in the Office.

All students participating in varsity athletics, with the exception of football, must either purchase the insurance made available through the school or have their parents sign a certificate of waiver exonerating the school from the expenses accrued due to an accident resulting from participating in such activities.

## LOCKERS AND LOCKS

All lockers located within the school are the property of the Moon Area School District. They are provided to students for the storage of school related items and clothing. The school recognizes its obligation to ensure that the lockers are properly used and that no item placed in the locker jeopardizes the health, safety, and welfare of students, staff, school property and the educational process. To fulfill this obligation, school officials have the right to conduct locker searches as outlined in the Moon Area School District Search Policy. A copy of this policy is available in the Main Office. Students are advised that they should not expect privacy regarding items placed in school lockers since school property is subject to search at any time by school officials.

For the security of student possessions, all students will be issued a combination lock that must be used throughout the school day. Replacement locks are available for purchase at a cost of \$5 in the Counseling Center.

Only school issued locks may be used on student lockers. Students with special needs may be exempted. Non-school supplied locks will be removed without reimbursement.

It is the responsibility of each student to keep a lock on his/her locker at all times during school hours and at the close of school each day.

Students are expected to maintain neat, orderly and uncluttered lockers. Discipline may be issued if a student does not comply with keeping a school issued or approved lock on their locker on at all times.

Replacement locks may be purchased in the Main Office for \$5 per lock.

**Locker “clean-outs” will be scheduled quarterly during the school year.**

## LOST AND FOUND

Lost and found items are collected and stored in a central location. Items that are found are to be taken to the office. Items that are not claimed will be donated to charitable organizations upon the completion of the school year.

## MEDIA NOTICE

Because family dynamics change, decline media forms will be collected each year. The intent of the Media Decline Form is to preserve the safety of students and families who may be at risk by the publishing of names and photographs. Full disclosure may be found on [www.moonarea.net](http://www.moonarea.net) > Quick Links > Forms. The decline form must be completed and returned to your child’s building if you do not want your child photographed.

Parents/guardians should understand that at events open to the public, such as concerts, athletic events, etc., their child’s photograph may be taken and published by the District and any other media in attendance.

## MOON AREA ASSISTANCE PROGRAM FOR STUDENTS (M.A.P.S.)

When students are troubled, so are teachers, counselors, administrators and other school staff. The Moon Assistance Program for Students (M.A.P.S.) includes professional staff and administrators trained to recognize and help students who exhibit a wide variety of behaviors, which interfere with academic performance and social, emotional, and physical development.

M.A.P.S. cooperates with the family, professional staff and other appropriate community agencies to help students to better develop their social responsibilities and academic potential. M.A.P.S. is designed to respond to the needs of students in a systematic, professional and realistic manner. By utilizing existing school staff and community resources, M.A.P.S focuses on educational concerns resulting from inappropriate behavior rather than attempting to resolve major social concerns.

**STUDENT HARASSMENT**

The purpose of this policy is to maintain a safe and positive learning environment for students of the Moon Area School District. The school district is committed to equality of opportunity, human dignity, diversity and academic freedom. The school district recognizes that a student who is subject to unreasonable harassment may not be able to fully avail him/herself of the educational and social opportunities available at Moon Area School District. A further purpose of the policy is to assure that our schools respond to harassment when it occurs in a manner that effectively deters future incidents and affirms respect for individual students.

It is the policy of the school district that harassment, as defined below, is inconsistent with the educational goals of the school district and is prohibited at all times while on school property during school hours; on school transportation, including bus stops; or at a school-sponsored event regardless of location or time.

**Harassment** means verbal, written, graphic or physical conduct relating to an individual's race, color, religion, ancestry, gender, national origin, age, or handicap/disability which:

- 1.) Is sufficiently severe, persistent or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment.
- 2.) Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
- 3.) Otherwise adversely affects an individual's learning opportunities.

Harassment as defined above can take the form of, but not limited to: shunning, derogatory remarks, jokes, demeaning comments or behavior, slurs, mimicking, name calling, graffiti, innuendo, gestures, physical contact, stalking, threatening, bullying, extorting, or the display or circulation of written materials or pictures.

Computer technology, such as e-mail and web sites, can be a means for accomplishing harassing behavior. Such conduct, even if initiated outside of school, may be in violation of this policy if there is a valid nexus with the school and/or it disrupts the educational process. Incidents involving cyber harassment will be referred to the Moon Township Police Department.

**Complaint Procedure – Student/Third Party**

- Step 1 – Reporting: A student or third party who believes s/he has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal. If the building principal is the subject of a complaint, the student, third party or employee shall report the incident directly to the Compliance Officer. The complainant or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.
- Step 2 – Investigation: Upon receiving a complaint of unlawful harassment, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation. The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation. The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.
- Step 3 – Investigative Report: The building principal shall prepare and submit a written report to the Compliance Officer within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint. The complainant and the accused shall be informed of the outcome of the investigation, including the recommended disposition of the complaint.
- Step 4 – District Action: If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur. District staff shall document the corrective action taken and, where not prohibited by law, inform the complainant. Disciplinary actions shall be consistent with the Code of Student Conduct, Board policies and district procedures, applicable collective bargaining agreements, and state and federal laws, and may include educational activities and/or counseling services. If it is concluded that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

**Appeal Procedure**

- 1.) If the complainant is not satisfied with a finding of no violation of the policy or with the recommended corrective action, s/he may submit a written appeal to the Compliance Officer within fifteen (15) days.
- 2.) The Compliance Officer shall review the investigation and the investigative report and may also conduct a reasonable investigation.
- 3.) The Compliance Officer shall prepare a written response to the appeal within fifteen (15) days. Copies of the response shall be provided to the complainant, the accused and the building principal who conducted the initial investigation.
- 4.) The Compliance Officer may confirm, refuse or modify any finding or corrective action as part of the appeal procedure.

### **Retaliation Prohibited**

The school district prohibits retaliatory behavior against any complaining student or any participant in the complaint process. The initiation of a complaint will not reflect negatively on the complaining student who initiates the complaint, nor will it affect the student's academic standing, rights or privileges.

It is a separate and distinct violation of this policy for any student to retaliate against any person who reports alleged harassment or against any person who testifies, assists or participates in an investigation, proceedings or hearing relating to such harassment. It is possible that an alleged harasser may be found to have violated this anti-retaliation provision even if the underlying complaint of harassment is not found to be a violation of this policy.

Retaliation includes, but is not limited to any form of intimidation, reprisal or harassment and may be redressed through application of the same reporting, investigation, and enforcement procedures as for harassment.

### **Penalty For False Complaints**

Any student who has knowingly filed a false complaint alleging that the student has been a victim of harassment shall be subject to discipline.

In order to maintain an educational environment that discourages and prohibits unlawful harassment, the Board designates the Assistant Superintendent as the district's Compliance Officer.

The Compliance Officer shall publish and disseminate this policy and the complaint procedure at least annually to students, parents/guardians, employees, independent contractors, vendors, and the public. The publication shall include the position, office address and telephone number of the Compliance Officer.

The administration shall be responsible to provide training for students and employees regarding all aspects of unlawful harassment. The building principal or designee shall be responsible to complete the following duties when receiving a complaint of unlawful harassment:

- 1.) Inform the student or third party of the right to file a complaint and the complaint procedure.
- 2.) Inform the complainant that she/he may be accompanied by a parent/guardian during all steps of the complaint procedure.
- 3.) Notify the complainant and the accused of the progress at appropriate stages of the procedure.
- 4.) Refer the complainant to the Compliance Officer if the building principal is the subject of the complaint.

Each principal has the responsibility of maintaining an educational environment free of harassment and shall take appropriate actions to reinforce the school district's harassment policy. These actions will include:

- 1.) Providing staff information at the beginning of each school year.
- 2.) Providing student instruction about harassment at least two (2) times each school year.
